

Acute Pads

*Cooling and relief -
lasts up to 8 hours*

Acute Pads provide immediate, refreshing abatement for fever and pain. They are applicable at any time and everywhere, since they do not have to be cooled. The soft gel pads are comfortable and can be removed easily and pain-free.

They provide a refreshing abatement up to 8 hours. Acute Pads can be combined with all usual therapeutic agents.

**very
kind to the skin**
**dermatologically
tested**

Nautilus Medical®

Acute Pads

Megrim. Fever. Sport.

Instruction:

Open the packing of the Acute Pads. • Take out the Acute Pad, remove the transparent plastic strip from the Acute Pad and litter the transparent plastic strip. • Apply the Acute Pad on the desired place and press in slightly. The Acute Pad clings only on dry skin. • The refreshing effect holds on approx. 8 hours. • For removing, simply take the Acute Pad off and dispose it. • The Acute Pad is not reusable! • The Acute Pads must not be cooled and can be used immediately and everywhere!

Please read the package insert before use or ask your physician or pharmacist.

Content : in each case 3x2 pads
